Docket No. 1999-184-C

Legacy Long Distance International, Inc. ("Legacy") or ("Applicant") hereby submits its application for a Certificate of Public Convenience and Necessity to resell intrastate telecommunications services. This filing is made pursuant to South Carolina Statutes 58-9-280 and 58-9-520 and the rules and regulations of the South Carolina Public Service Commission.

1. The legal name and principle address of the Applicant are:

Legacy Long Distance International, Inc.  
One World Trade Center, Suite 1460  
Long Beach, California 90831-1000

2. Correspondence or communications regarding this application should be addressed to:

3. The contact person regarding ongoing operations of the company is:

Curtis Brown, President  
One World Trade Center, Suite 1460  
Long Beach, California 90831-1000  
Telephone: (800) 577-5534

4. Legacy Long Distance International, Inc. ("Legacy") was incorporated on September 10, 1996, under the laws of the State of California. A copy of Legacy's Articles of Incorporation are provided in Exhibit I.

5. Applicant has a Certificate of Authority to transact business as a foreign corporation in the State of South Carolina. A copy of this certificate is provided in Exhibit II.

6. Legacy's "1+" service allows Customers to place outbound direct dialed calls. Switched access Customers are presubscribed to the Company via switched access Feature Group D circuits. Customers may choose to use dedicated facilities for call origination. Calls are placed by dialing "1+" and the destination telephone number, including the area code if applicable.

Legacy's Toll Free service is an inward WATS service. This service permits termination of interstate and intrastate calls from diverse geographic locations to customer local exchange lines or to dedicated access facilities. When an 800 "toll-free" service is used, Legacy's Customer is billed for the call rather than the call originator.

The primary Customers of Applicant's operator assisted services are companies who in their normal course of business are responsible for providing access and directing telephone calls for large numbers of end users. Most significant are the companies or establishments (subscribers) who place outbound calls for their guests, patients, students or other transient patrons. Applicant's operator assisted services permit callers to place calls using optional billing methods (i.e. collect, third party, or to a calling/credit card). In addition, this service offers operator assistance for person-to-person calling or for operator dialing assistance.

7. Legacy's long distance operations will be provided as a switchless telecommunications reseller. Calls will originate, be switched and terminated over the facilities of other carriers. For direct dialed, toll free long distance services and operator assisted service, Legacy currently uses the network of MCI/WorldCom and other certificated carriers.

8. Customers are billed based on their use of their use of the long distance network. Rates for these services are based on call duration and type of access.

9. Legacy contracts for services from its underlying carrier at discounted rates based on a long-term volume commitment.

10. Legacy's underlying transmission carrier is selected based on the best mix of quality, service and price. Calls originate via feature group D purchased by the underlying carrier from the local

exchange carrier or via special access circuits purchased directly by the customer.

11. Applicant has a team of managers and support personnel who are well qualified to operate a telecommunications business. Additionally, Legacy relies on its underlying carrier's technical expertise for the operation, maintenance and supervision of the network. Legacy also has contracted with outside consultants for support in competitive analysis and regulatory compliance. Abbreviated resumes of key personnel are included in Exhibit III.

12. A copy of the Applicant's recent Balance Sheet and Income Statement are provided in Exhibit IV in support of Applicant's financial capability to provide the proposed service.

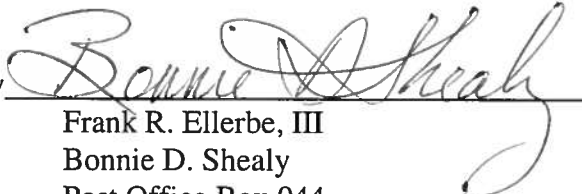

13. Attached as Exhibit V is a copy of Legacy's proposed telecommunications tariff, setting forth its rates, charges and regulations.

14. Legacy requests authority to handle interLATA, intrastate calls and incidental intraLATA calls resulting from travel code access. When special access is used, intraLATA calls will route directly to the underlying carrier and will be carried on behalf of Legacy. Incidental intraLATA calls carried on behalf of Legacy are reported by its underlying carrier to the local exchange carrier. Since all other calls originate via feature group D, the local exchange company will handle the transmission and billing of resulting intraLATA calls.

Approval of Legacy's application will serve the public interest by making discounted service available to customers whose traffic volume would not otherwise justify equivalent discounts. Approval of this application will also benefit consumers in South Carolina by creating greater competition in the interexchange marketplace, and by providing users with additional choices for billing and terminating their long distance calls.

Wherefore, Legacy Long Distance International, Inc., requests that the South Carolina Public Service Commission issues a Certificate of Public Convenience and Necessity authorizing it to provide resold intrastate telecommunications services to the public as proposed herein and set forth in the attached tariff.

**Management Profiles**

**LEGACY LONG DISTANCE INTERNATIONAL, INC.**  
**Management Profiles**

**Curtis A. Brown, President**

Prior to founding Legacy Long Distance International, Inc. ("LLDI") in September 1996, Curtis was President for Public Communications Network, Inc. (PCN). PCN was a start-up long distance service incorporated in August 1995. In a period of one year Mr. Brown successfully took \$150,000 of vested capital and built a company producing over \$1,500,000 its first year. Prior to working with PCN, Curtis acted as the General Manager of Operator Services/Director of Customer Services for Communications TeleSystems International (CTS). CTS is the 13th largest long distance provider in the United States. There he was responsible for all aspects of customer services, operator and network control operations, agent support, and all 0+ operations. During his tenure with CTS, Mr. Brown increased net revenues by over 680%.

**Kenneth J. Durante, Chief Financial Officer**

Mr. Durante brought his talents to LLDI after serving as the Finance Manager for PCN. Kenneth has worked flawlessly with annual budgets of over two million dollars while managing the daily activities of over 300 personnel. Mr. Durante brings LLDI hands-on history of sterling management skills backed by an MBA in Finance, BA in Business Administration, and an AA in Computer Programming.

**Clay Beamesderfer, Vice President**

Mr. Beamesderfer comes to LLDI from World Exchange (WXL), where he produced and managed one of the most cost effective, unparalleled long distance network systems in the industry today. Clay's vast experience makes him a valuable asset to LLDI's long term network goals. Mr. Beamesderfer brings to LLDI a strong military standard from his five (5) year enlistment with the United States Marine Corps.

**LEGACY LONG DISTANCE INTERNATIONAL, INC.****Management Profiles, (continued)****George Hansell, Vice President of Sales**

Mr. Hansell also comes to LLDI from PCN where he acted as the Residential and Commercial Sales Manager. Prior to joining the PCN team, George served as the Southern Region Materials and Sales Manager for Sharp Memorial Hospital. During his tenure at Sharp Memorial, Mr. Hansell was responsible for negotiating a national contract that saved the facility 1.5 million dollars annually in operational costs. His experience in Sales management is unsurpassed. George's concern for the customers' needs and his ability to communicate make him a valued asset to LLDI.

**Kenneth Lovett, Director of Customer Services**

Mr. Kenneth Lovett made the move from radio communications, where he had more than ten (10) years' experience as a radio broadcaster in Denver, CO. The transition to telecommunications occurred five (5) years ago when he began working as the Customer Service Manager for a California-based pay telephone company. Since Kenneth signed with LLDI, he has been directly responsible for a huge increase in overall customer satisfaction ratings. Although Mr. Lovett is the department manager, he prefers to take an active role in assuring complete customer satisfaction and can often be found right along side LLDI's customer service representatives speaking with the company's valued clients.

**SYMBOLS**

The following are the only symbols used for the purposes indicated below:

- (D)** - Delete or Discontinue
- (I)** - Change Resulting in an Increase to a Customer's Bill
- (M)**- Moved from another Tariff Location
- (N)** - New
- (R)** - Change Resulting in a Reduction to a Customer's Bill
- (T)** - Change in Text or Regulation but no Change in Rate or Charge.

When changes are made in any tariff sheet, a revised sheet will be issued canceling the tariff sheet affected. Changes will be identified on the revised sheet(s) through the use of the above mentioned symbols.

**TARIFF FORMAT**

**A. Sheet Numbering** - Sheet numbers appear in the upper right corner of the page. Sheets are numbered sequentially. However, new sheets are occasionally added to the tariff. When a new sheet is added between sheets already in effect, a decimal is added. For example, a new sheet added between sheets 14 and 15 would be 14.1.

**B. Sheet Revision Numbers** - Revision numbers also appear in the upper right corner of each page. These numbers are used to determine the most current sheet version on file with the Commission. For example, the 4th revised Sheet 14 cancels the 3rd revised Sheet 14. Because of various suspension periods, deferrals, etc. the Commission follows in their tariff approval process, the most current sheet number on file with the Commission is not always the tariff pages in effect. Consult the check sheet for sheet currently in effect.

**C. Paragraph Numbering Sequence** - There are nine levels of paragraph coding. Each level of coding is subservient to its next higher level:

- 2.
- 2.1.
- 2.1.1.
- 2.1.1.A.
- 2.1.1.A.1.
- 2.1.1.A.1.(a).
- 2.1.1.A.1.(a).I.

**D. Check Sheets** - When a tariff filing is made with the Commission, an updated check sheet accompanies the tariff filing. The check sheet lists the sheets contained in the tariff, with a cross reference to the current revision number. When new pages are added, the check sheet is changed to reflect the revision. All revisions made in a given filing are designated by an asterisk (\*). There will be no other symbols used on the check sheet if these are the only changes made to it (i.e., the format, etc. remains the same, just revised revision levels on some pages). The tariff user should refer to the latest check sheet to find out if a particular sheet is the most current on file with the Commission.

**SECTION 1.0 - TECHNICAL TERMS AND ABBREVIATIONS****1.1 Definitions**

Certain terms used generally throughout this tariff, particularly those for specialized common carrier communication channels furnished by the Company over its facilities are defined below:

Access - Access to Legacy's services are provided by one or more or a combination of the following methods: presubscription in equal access areas, direct access, 800, 950 and 10XXX dialing sequences.

Access Code - A sequence of numbers that, when dialed, connect the caller to the provider of services associated with that sequence.

Aggregator - Any person, excluding local exchange carriers and cellular service providers, that, in the ordinary course of its operations, make telephones available to the public or to transient users of its premises, for intrastate telephone calls using a provider of operator services.

Authorization Code - A numerical code, one or more of which may be assigned to a Customer, to enable the Company to identify the origin of the Service User so the Company may rate and bill the call. All Authorization Codes shall be the sole property of the Company and no Customer shall have any property or other right or interest in the use of any particular Authorization Code. Automatic Numbering Identification ("ANI") may be used as or in connection with the Authorization Code.

Authorized User - A person or entity that accesses the Company's services. An Authorized User is responsible for compliance with this tariff.

---

**SECTION 1.0 - TECHNICAL TERMS AND ABBREVIATIONS, (CONT'D.)****1.1 Definitions, (Cont'd.)**

Automatic Numbering Identification (ANI) - A type of signaling provided by a local exchange telephone company that automatically identifies the local exchange line from which a call originates.

Billed Party - The person or entity responsible for payment of the Company's Service(s): For a Direct Dialed Call, the person or entity responsible for payment is the Customer responsible for payment for local telephone service at the telephone used to originate an intrastate call. In the case of a Traveler Card call, Phone Home Card call or other credit card call (herein collectively the "Card"), the person or entity responsible for payment is the Customer of record of the Traveler Card, Phone Home Card or other valid and acceptable Card used. In the case of a collect or third party call, the person or entity responsible for payment is the person responsible for payment for local telephone service at the telephone number that agrees to accept charges for the call. In the case of a Room Charge Call, the entity responsible for payment is the Aggregator controlling the telephone used to originate the intrastate call. In all Operator Assisted calls not involving Cards, third party calls, collect calls or Room Charge calls, the person or entity responsible for payment is the Customer responsible for payment for local telephone services at the telephone used to originate the intrastate call.

Calling Card Call - A Direct Dialed or Operator Assisted call for which charges are billed not to the originating telephone number, but to a LEC or interexchange carrier calling card.

Central Office - A Local Exchange Carrier switching system where Local Exchange Carrier customer station loops are terminated for purposes of interconnection to each other and to trunks.

**SECTION 1.0 - TECHNICAL TERMS AND ABBREVIATIONS, (CONT'D.)****1.1 Definitions, (Cont'd.)**

Channel - The term "Channel" denotes a path for electrical transmission between two or more points, the path having a band width designed to carry voice grade transmission.

Common Carrier - A company or entity providing telecommunications services to the public.

Credit Card Call - A Direct Dialed or Operator Assisted call for which charges are billed not to the originating telephone number, but to a credit commercial card, such as Visa or MasterCard.

Customer - The term "Customer" denotes the person, partnership, association, joint stock company, trust, corporation, or governmental entity or any other entity that is responsible for payment of charges and for compliance with this tariff.

Customer - Provided Facilities - The term "Customer - Provided Facilities" denotes all communications facilities provided by the Customer and/or Authorized User other than those provided by the Company.

Debit Card - A pre-established account number (typically associated with a card), issued by the Company and purchased by a Customer for access to the Company's network for the purpose of placing long distance telephone calls.

Direct Dialed Call - An intrastate telephone call that is automatically completed and billed to the telephone number from which the call originated without the automatic or live assistance of an operator.

Equal Access - Has the meaning given that term in Appendix B of the Modification of Final Judgment entered August 24, 1982, in United States v. Western Electric, Civil Action No. 82-0192 (United States District Court, District of Colombia), as amended by the Court in its orders issued prior to October 17, 1990.

**SECTION 1.0 - TECHNICAL TERMS AND ABBREVIATIONS, (CONT'D.)****1.1 Definitions, (Cont'd.)**

Operator Service Charge - A non-measured (fixed) charge that is added to a measured charge in calculating the total tariff charges due for a completed Operator Assisted call.

Operator Services - Any telecommunication service that includes, as a component, any automatic or live assistance to a Customer or its Authorized User to arrange for billing or completion, or both, of an intrastate interLATA telephone call through a method other than:

- (i) automatic completion with billing to the telephone from which the call originated; or
- (ii) completion through an access code used by an Authorized User, with billing to an account previously established with the carrier by the Authorized User.

Operator Service Provider ("OSP") - Any person or entity that provides operator services by using either live or automated operator functions. When more than one entity is involved in processing an operator service call, the party billing the calls shall be considered the OSP. However, subscribers to customer-owned pay telephone service shall not be deemed to be an OSP.

Operator Station Calls - An Operator Assisted call wherein the person originating the call is assisted by an operator but does not specify a particular person, department or extension to be reached through a PBX attendant.

Other Common Carrier - The term "Other Common Carrier" denotes a common carrier, other than the Company, providing domestic and/or international communications service to the public.

**SECTION 2.0 - RULES AND REGULATIONS****2.1 Undertaking of the Company**

Service is offered to residential and business Customers of the Company to provide direct dialed and operator assisted calls originating and terminating partially or wholly within the State of South Carolina, using the Company's network configuration. The Company provides switched long distance network services for voice grade and low speed dial-up data transmission services. The Company does not undertake to transmit messages but furnishes the use of its facilities to its Customers for communications. All Services are provided subject to the terms and conditions set forth in this tariff. In the event of a conflict between a contract entered into by the Company and this tariff, the terms of this tariff shall prevail.

The Company's services are provided on a monthly basis unless otherwise provided, and are available twenty-four (24) hours per day, seven (7) days per week.

**2.2 Applicability of Tariff**

This tariff applies to telephone calls which originate and terminate in the State of South Carolina.

**SECTION 2.0 - RULES AND REGULATIONS, (CONT'D.)****2.3 Payment and Credit Regulations****2.3.1 Billing and Credit Regulations**

The charges for service are due when billed and are billed and collected by the Company or its authorized agent, or the connecting company from whose service point the messages were sent paid or at whose service point the messages were received collect.

**2.3.2 Payment for Service**

The Customer is responsible for payment of all charges for services, including charges for service originated or charges accepted at the Customer's service point.

- (A) Charges for third party calls which are charged to a domestic telephone number will be included on the Billed Party's local exchange telephone company bill pursuant to billing and collection agreements established by Legacy or its intermediary with the applicable telephone company.
- (B) Charges for credit card calls will be included on the Billed Party's regular monthly statement from the card-issuing company.
- (C) For Room Charge Calls (Time and Charges), when requested by the Authorized User, and authorized by the Aggregator, the charges will be provided to the Aggregator for inclusion on the hotel, motel, or hospital bill of the Authorized Users. In such cases, Legacy will provide a record of the call detail and charges to the hotel, motel, or hospital for such billing purposes. The Aggregator is solely responsible for the collection of Room Charges from its guests, and remains liable to Legacy for all Room Charge calls regardless of whether such charges are in fact collected from the Authorized User. Room charge calls are rated in accordance with the Real-Time Rate Table set forth in Section 4.8 herein.

**SECTION 2.0 - RULES AND REGULATIONS, (CONT'D.)**

**2.7 Cancellation or Interruption of Services, (Cont'd.)**

- 2.7.3** Service may be discontinued by Legacy by blocking traffic to certain countries, cities or NXX exchanges, or by blocking calls using certain Customer Authorization Codes, when Legacy deems it necessary to take action to prevent unlawful use of its service. Legacy may restore service as soon as it can be provided without undue risk.
- 2.7.4** The termination notice process provides adequate time intervals for the Customer to prevent termination or disconnect.
- (A) The first notice is our "Disconnect Notice". It is sent to customers who have a past due balance of \$10.00 or more on the 10th day after bills are sent each month.
  - (B) On the 11th day after the disconnect notice is sent, accounts that still have a past due balance are temporarily deactivated and a notice is sent to tell the Customer what action has been taken. This notice is printed on letterhead.
  - (C) On the 11th day after deactivation of the accounts, those that still have a past due balance are sent "Final Demand Letter". These Customers are contacted by phone regularly and then placed with a collection agency on the 20th of the next month.
  - (D) Accounts are tracked daily for reactivation of service as balances are paid.
- 2.7.5** If, for any reason, Service is interrupted, the Customer will only be charged for the service that was actually used.

**SECTION 2.0 - RULES AND REGULATIONS, (CONT'D.)**

**2.8 Denial of Access to Service by the Company**

The Company expressly retains the right to deny access to service without incurring any liability for any of the following reasons:

- 2.8.1** Nonpayment of any sum due for service provided hereunder, where the Customer's charges remain unpaid more than ten (10) days following notice of nonpayment from the Company. Notice shall be deemed to be effective upon mailing of written notice, postage prepaid, to the Customer's last known address;
- 2.8.2** Customer's acts or omissions that constitute a violation of, or a failure to comply with, any regulation stated in this tariff governing the furnishing of service, but which violation or failure to comply does not constitute a material breach or does not pose any actual threatened interference to Legacy operations or its furnishing of service. The Company agrees to give Customer ten (10) days notice of such violation or failure to comply prior to disconnection of service; or
- 2.8.3** The implementation of any order of a court of competent jurisdiction, or federal or state regulatory authority of competent jurisdiction, prohibiting the Company from furnishing such service; or
- 2.8.4** Failure to pay a previously owed bill by the same Customer at another location.

**SECTION 2.0 - RULES AND REGULATIONS, (CONT'D.)****2.9 Customer's Liability in the Event of Denial of Access to Service by the Company**

In the event a Customer's service is disconnected by the Company for any of the reasons stated in Section 3.14.4, the Customer shall be liable for all unpaid charges due and owing to the Company associated with the service.

**2.10 Reinstitution of Service**

The Company will reconnect service upon Customer request as soon as the reason for the Customer's termination is removed. If the Customer seeks reinstitution of Service following denial of service by the Company, the Customer shall pay to the Company prior to the time service is reinstituted (1) all accrued and unpaid charges, but there will be no charge for the service restoration.

**2.11 Interconnection with Other Common Carriers**

The Company reserves the right to interconnect its services with those of any Other Common Carrier, Local Exchange Carrier, or alternate access provider of its election, and to utilize such services for the provision of services offered herein.

**2.12 Use of Service**

Service may be used for any lawful purpose for which it is technically suited.

**SECTION 3.0 - DESCRIPTION OF SERVICES****3.1 General**

Legacy Long Distance International, Inc. offers outbound long distance, operator assisted, in-bound toll free and travel card services to its customers. Rates for these services vary by product. All Legacy services are available 24 hours a day, seven days a week. Specific offerings of the company are described in Section 3.5 of this tariff. Rates for each service offering are provided in Section 4 of this tariff.

Legacy's Operator Assisted Service is provided for use by presubscribed Customers as well as transient Customers at host or Subscriber locations. Services arranged for the use of the transient public are subject to restrictions imposed by the Commission and the Federal Communications Commission.

**SECTION 3.0 - DESCRIPTION OF SERVICES, (CONT'D.)****3.2 Calculation of Distance**

Usage charges for all mileage sensitive products are based on the airline distance between serving wire centers associated with the originating and terminating points of the call. The serving wire centers of a call are determined by the area codes and exchanges of the origination and destination points.

The distance between the Wire Center of the Customer's equipment and that of the destination point is calculated by using the "V" and "H" coordinates found in BellCore's V&H Tape and NECA FCC Tariff No. 4.

- Step 1 - Obtain the "V" and "H" coordinates for the Wire Centers serving the Customer and the destination point.
- Step 2 - Obtain the difference between the "V" coordinates of each of the Wire Centers. Obtain the Difference between the "H" coordinates.
- Step 3 - Square the differences obtained in Step 2.
- Step 4 - Add the squares of the "V" difference and "H" difference obtained in Step 3.
- Step 5 - Divide the sum of the square obtained in Step 4 by ten (10). Round to the next higher whole number if any fraction results from the division.
- Step 6 - Obtain the square root of the whole number obtained in Step 5. Round to the next higher whole number if any fraction is obtained. This is the distance between the Wire Centers.

**Formula:**

$$\sqrt{\frac{(V_1 - V_2)^2 + (H_1 - H_2)^2}{10}}$$

**SECTION 3.0 - DESCRIPTION OF SERVICES, (CONT'D.)**

**3.3 Determination of Call Duration and Timing of Calls**

- 3.2.1** For Direct Dialed (via an access code) and Operator Station Calls, chargeable time begins when the connection is established between the calling station and the desired telephone, attendant board, or private branch exchange console. For Person-to-Person calls chargeable time begins when the designated party comes on the line, or when the caller agrees to speak with a substitute party.
- 3.2.2** Chargeable time ends when the connection is terminated.
- 3.2.3** Chargeable time does not include the time lost because of known faults or defects in the service.
- 3.2.4** The initial and additional timing periods for billing purposes vary by product and are specified in Section 4 of this tariff.
- 3.2.5** The Company will not bill for unanswered calls. When a Customer indicates that he/she was billed for an incomplete call, Legacy will reasonably issue credit for the call.

**SECTION 3.0 - DESCRIPTION OF SERVICES, (CONT'D.)****3.4 Time of Day Rate Periods**

For time of day sensitive services, the appropriate rates apply for day, evening and night/weekend calls based on the following chart:

	MON	TUES	WED	THUR	FRI	SAT	SUN
8:00 AM TO 4:59 PM	DAYTIME RATE PERIOD OR PEAK RATE PERIOD					EVE	
5:00 PM TO 10:59 PM	EVENING RATE PERIOD OR OFF PEAK RATE PERIOD						
11:00 PM TO 7:59 AM	NIGHT/WEEKEND RATE PERIOD OR OFF PEAK RATE PERIOD						

- 3.4.1** Day, Evening, and Night/Weekend times are determine by the local time of the location of the calling service point. Chargeable time for a rate period (e.g. 8AM-5PM) begins with the first stated hour (8AM) and continues to, but does not include, the second stated hour (5PM). The rate applicable at the start of chargeable time at the calling station applies to the call during the duration of the call that is applicable to that time period. If a call begins in one discount period and ends in another, the initial period discount applied is the discount in effect at the time the call is established. The charge for each additional minute of usage is the additional minute billing rate of the rate period in which the beginning of each minute occurs.

**SECTION 3.0 - DESCRIPTION OF SERVICES, (CONT'D.)****3.5 Legacy Service Offerings**

Legacy provides telecommunications services for communications originating and terminating within the State of South Carolina under terms of this tariff.

**3.5.1 Operator Services****(A) Determination of Charges**

- distance between applicable rate centers
- time of day and day of week
- duration of call
- class of call

**(B) Classes of Services**

Service is offered on a Dial Station, Customer Dialed Calling Card Station, Operator Station, Person-to-Person - Operator Station/ Person-to-Person basis. Day, Evening, Night and Weekend rates apply to all classes of service.

**(C) Application of Operator Services Rates**

The total charge for each completed operator assisted call consists of the following charge elements: (a) a measured usage charge dependent on the duration, distance and time of day of the call; (b) a fixed Operator Service charge and/or surcharge for operator assisted calls, which will be dependent on the type of billing selected (i.e., calling card, third party or other) and/or the completion restriction selected (i.e. station-to-station or person-to-person). The usage charge element is specified as a rate per minute that applies to each minute of call duration, with a minimum charge for each call of one minute, and fractional minutes of use thereafter counted as one full minute or a portion thereof (incremental billing).
